Mr. Davis is general manager of the Corralitos company, an organization of American capitalists, owning extensive and very valuable cattle, land and mining interests at Corralitos, Mexico. Mr. Davis was formerly a lieutenant in the American army and was active in the pursuit of Victoria and Nizual, the great Apache chiefs who committed so many depredations in the southwest from 1880 to 1884. THE MUTUAL LIFE is the oldest company in the United States and the largest and strongest on earth. Its dividends to policy holders have never been equalled by any other company.

It is the only company in existence that has paid \$3,000 on a \$1,000 policy or \$30,000 on a \$10,000 policy. This it has done in every year for the past twenty years and is still doing on old policies maturing.

S. H. NEWMAN, Mutual Life.

The ocean-to-ocean run of the Jarrett and Palmer train could easily be beaten today if the railway desired. A twenty-four train from New York to Chicago, a twelve-hour run to Omaha, a two and three-quarter-hour shortening of Union Pacific time to Ogden, and a repetition of the Southern Pacific's last few weeks would make it possible to reach San Francisco by in eighty hours after leaving New York harbor.

Santa Fe, N. M., is the only city that has a board of trade composed exclusively of women. They attend to all matters of business relating to the good order of the city and its sanitary condition, receive and welcome strangers and entertain all celebrities.

GENERAL NEWS NOTES.

The Day's Doings in Brief From the World.

FOR AFTERNOON SERVICE

Many Events That Occur During a Day are Told Promptly by the Herald. Much News of Interest to the Readers of This Paper.

Richest Claims in the World.

SEATTLE, August 30.—Among the Portland's passengers yesterday was William Ogilvie, dominion surveyor of Canada. He said: "There are seventy claims in El Dorado, 200 on Bonanza Creek and one hundred on tributaries. Of these 140 claims are the ones that caused all the excitement and are without doubt the richest in the world. I predict that there will be fully \$70,000,000 taken out of Klondike region in gold dust in the next three years." The next official maps of the Canadian government he says, will show a change in the spelling of Klondike; it will be spelled "Troandik."

Drowned in Alaska.

JUNEAU, Alaska, Aug. 23.—Via Victoria B. C. August 30.—Four more deaths have occurred at Skaguay. Eight young men sailed from Skaguay in a small Columbia river sloop, with 1,000 pounds of provisions, and when off seaward from the city the wind capsized the boat. For six hours the men clung to the boat in the water but after a great struggle, four of them slipped silently into the water and disappeared from sight. The drowned are Hector McLaren, Thos. Travenly, Tom McDonald, James Armstrong, of Seattle. The steamship Islander picked up the remaining four.

Weyler's Earnings.

JACKSONVILLE, Fla., August 30.—Bryson, the American correspondent recently expelled from Havana, by Weyler, has arrived here. He says before he left Havana, a prominent Spanish banker assured him that since Weyler's arrival in Cuba, the captain general had remitted \$7,000,000 to London and Paris for his private account, which he made in the construction of trenches and speculations in American horses and mules for the artillery, and the profits upon cattle confiscated and sold.

Broken Fly-Wheels Did Damage.

MIDDLETON, Ohio, August 30.—Shortly after 7 o'clock this morning, the city shook and a noise that sounded like that made by a earthquake was heard. The fly and pulley wheels of a big three hundred horse power engine in the Gardner Paper Mills gave way. The broken wheel ploughed through a fifteen inch wall and was carried twenty feet, killing George Smith, an employee. Engineer Ewing was also badly injured. The damage is estimated at \$15,000.

General Woodford's Mission.

WASHINGTON, Aug. 30.—General Woodford, minister to Madrid, starts for Sebastian tomorrow to be present at the queen's banquet with the proposition of the state department for ending the Cuban war. Minister Woodford's instructions are said to be definite and conclusive. President McKinley looks to him to secure a positive reply from the Spanish government at an early date.

Closed Against Klondikers.

CHICAGO, August 30.—Fort McPerson and seven other posts, of the Hudson Bay company, have been closed against the Klondikers now on their way to the gold fields via Edmonton or the "Back door route." The rich fur trading corporation do not like this overland rush fearing an inevitable overflow from Klondike into Peace river country, which itself is rich in gold.

She Killed the Negro.

GREENVILLE, TEXAS, August 30.—Jordan Orsborn, a negro, lies dead, killed by Mrs. Floyd Crawford in attempting to enter her house yesterday. She heard a noise, grabbed a pistol and fired, blood was crashed and lying in a pool of blood the negro was found gurgling and groaning, in the last throes of death.

From Prison to a Convent.

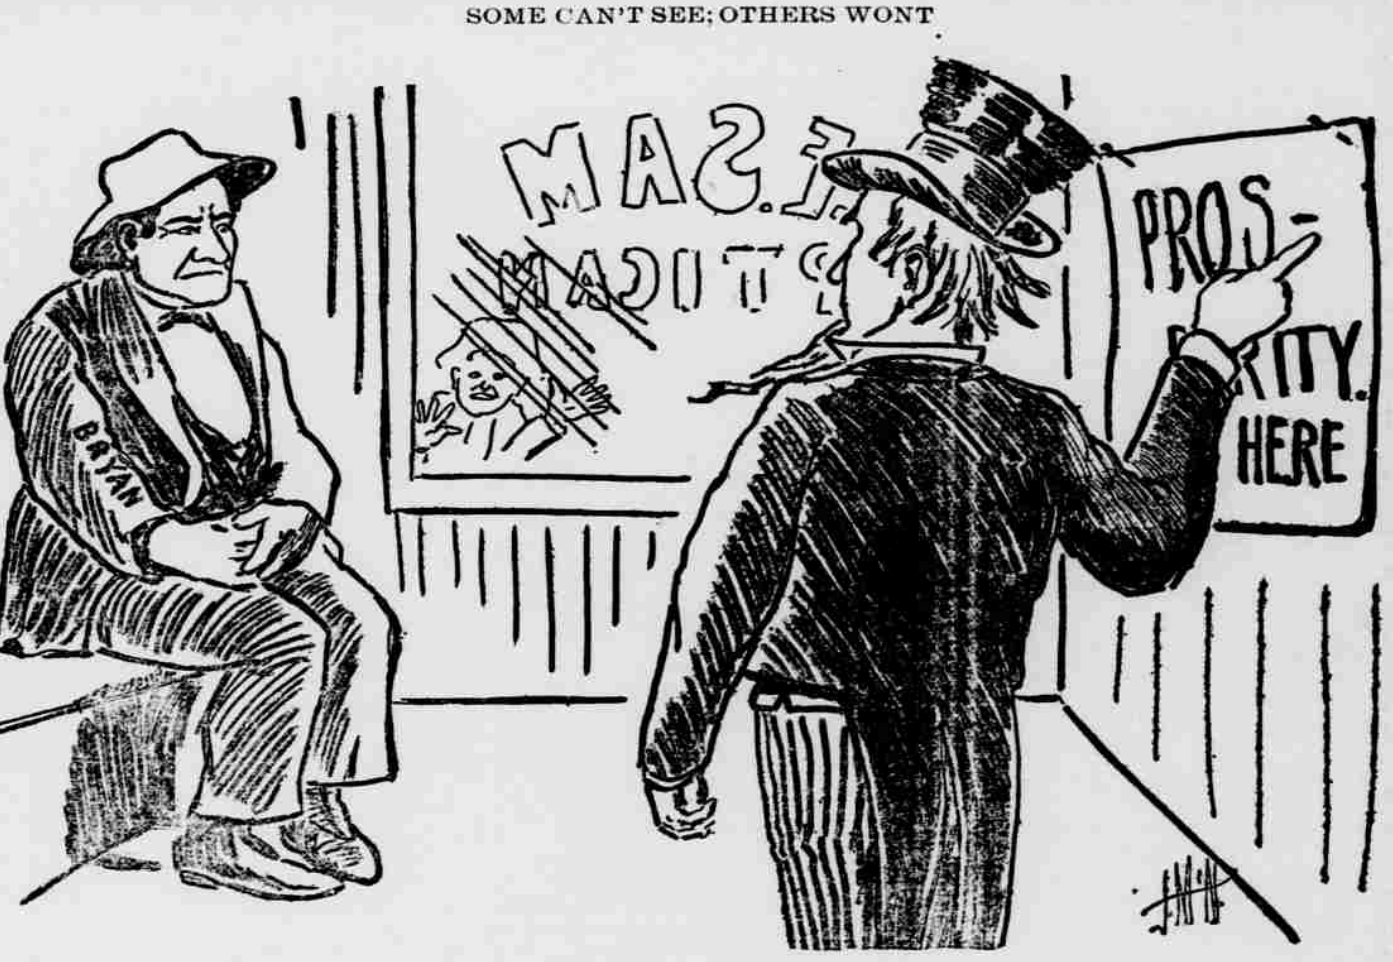

LONDON, August 30.—The Daily Chronicle says today that as a result of representations made by United States Minister Taylor the Spanish government has sent instructions to Havana that Miss Cisneros be transferred to the convent of Tetuan, and she may be discharged before sentence is passed.

Erastus Corning Dead.

ALBANY N. Y., August 30.—Erastus Corning, Albany's foremost citizen, died this morning. He was director of the New York Central railroad and president of the Albany City Bank. He was worth several million of dollars, but his losses in the iron trade had reduced this greatly.

Swapping Visits.

PARIS, August 30.—The Journal today asserts that the czar will visit Paris some time about the close of the autumn season.

OPTICIAN—"Now, Mr. Bryan, if you try I think you can see this."
MR. BRYAN—"No, doctor, I can't understand a word of it. It's all blurred."

Luetgert's Trial.

CHICAGO, Aug. 30.—The taking of testimony in the Luetgert murder trial began shortly before noon today, when Frederick Haef, a city draughtsman, was called to the witness stand to testify concerning the plans of the Luetgert factory drawn by him. The great case began in earnest this morning with the outlining of the state's case against the suspected sausage maker. It was the jury's first official hearing of the story which will pass into criminal history as one of the greatest and most puzzling of crimes. The state's attorney passed over the big charts upon showing the jury the location of the sausage factory and the arrangement of the dark and mysterious interior. He indicated the path to the engine room upon which Mrs. Luetgert was seen in his company late at night, walking towards the factory. The series of vats were shown and in blood red ink the particular one in which the body of the woman supposed to have been consumed. Luetgert sat with his small eyes half closed, his pale lips drawn tightly and his gaze roving from his lawyer, Ex-Judge Vincent, to the jury. It was a thrilling scene.

Laborers' Conference.

ST. LOUIS, August 30.—The conference of the miners officials is only partially successful today. A session will be held late this afternoon. President Prescott, of the International Typographical union, was made chairman of the conference. Ratetford, Debs and Sovereign are the moving spirits. The fact that no accredited members of the Federation of Labor are here throws a damper on the conference. Representatives of all the great railroad orders, whose cooperation would be of great value to the miners, are absent. For this reason the possibility for a general strike is gone. Very little effect can come from the convention under the circumstances. Several members of the Federation of Labor are here, but not as representatives of the order.

Officers Killed by Moonshiners.

LITTLE ROCK, Ark., August 30.—Two deputy U. S. marshals, Taylor and Dodson, are dead, two seriously wounded and two are missing as a result of the attack upon a posse of officers by a gang of desperate moonshiners in Pope county. Taylor, one of the dead men, was 60 years of age and the wealthiest man in Searcy county. Dodson has been a terror to moonshiners for years. Six officers were on a moonshine raid and had approached to within thirty yards of an illicit distillery when they were fired upon from ambush.

The Hero of the Hour.

CHICAGO, August 30.—Gus Lowenstein is the hero of the Maxwell street district today. Last evening the residence of Isaac Klein was a mass of seething flames. Lowenstein rushed into the building and rescued five children sleeping on the second floor. On each of his trips in the house Lowenstein had to run a gauntlet of fire in order to reach the second floor.

The Mob Repulsed.

MONTGOMERY, Ala., August 30.—A mob attacked the jail at Greenville this morning and attempted to lynch John A. Gafford, the slayer of Francis Barlow Lloyd. They were repulsed by the sheriff. During the attack four prisoners escaped. Governor Johnson has called out the militia, expecting another attack.

Tortured and Robbed.

CHICAGO, Aug. 29.—Louis Simmonds, a milk dealer, was tortured and robbed of \$1,000 by burglars at his Lasalle street home after midnight this morning. Simmonds was aroused from sleep by three men who burned his feet with matches until he revealed his hidden money.

AN ALL ROUND FAKIR.

Senator Teller's Nephew, Who Knew the Original Schlatter, Denounces the Impostor Before a Large Crowd of his Dupes.

CHICAGO, August 30.—Schlatter, the healer, is trying to convince the people today that he is not "Rattlesnake Bill," the Oklahoma medicine fakir, as a nephew of Senator Teller yesterday declared he was. The long haired charlatan is also preparing to avoid future call downs and subsequent riotous demonstrations. Cockran, who knew the original Schlatter, publicly denounced the "healer" yesterday in the presence of Chief of Police Kiple and several hundred people who wanted to be healed. Senator Teller's nephew declares that the fakir Schlatter is well known throughout the west as "Rattlesnake Bill" and once travelled with Dr. Lighthall the, medicine man of "Diamond Ring" fame.

Tillman's Vitrolie Talk.

THOY, N. Y., August 30.—Senator Tillman delighted a huge crowd at the Albany fair grounds this afternoon. He spread vitrolie language all over trusts and the Dingley tariff bill and then lit into what he called the "Hill crowd" until his hearers yelled with glee. "I'm going to stir things all round," he said to reporter, "at Brooklyn tomorrow night I shall have a few things to say about Mr. Whitney. After leaving Brooklyn I will speak at Beaver Falls, at Senator Quay's home." Tillman told the silver men that if they compromised or wavered they would go all to pieces.

Raided the Bank.

NAPANEE, Ontario, 30.—The Dominion bank was broken into, Friday night, and \$32,000 taken. It took the officials until this morning to get into the safe. The combination had been changed by the burglars thus hiding the extent of robbery. American crooks from Thousand Islands are suspected, but there is absolutely no clue. Only two persons, both officials, are known to have the combination of the vault locks.

Ran a Bucket Shop.

WASHINGTON, August 30.—Herman W. Vandusen, former private secretary to Secretary Carlisle, was arrested today charged embezzling \$15,000 from a number of citizens. He and a partner conducted a large bucket shop here and among their patrons were a number of prominent citizens whom they buncoed.
